

THE MARFA AND WESTERN COUNTRY BIG BAND SUITE

NEWS &

UPDATES

The Marfa album has made significant headway. It caught the attention of several critics, from Austin to Colorado, and was put on a handful of Best of 2019 lists. The album has gotten great traction in the country music community, nationally and internationally. Savingcountrymusic.com had a great review and put it on their current Spotify playlist, leading to a major uptick in streams, in addition to an interview with an influential radio show in Australia. To top it off, the recent Marfa album radio charting report is the REAL DEAL! Marfa is up there with some internationally well known artists and superstars, and Golden Hornet alongside household record label names. Please note this news can be shared, but these screenshots cannot be posted publicly.
